NOTICE OF INTENT TO ADOPT A NEGATIVE DECLARATION

This form is provided as a notification of an intent to adopt a Negative Declaration which has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #118-04.

PROJECT TITLE:

Application for a Rezone, Special Development Permit and Parcel Map filed by John Tze.

PROJECT DESCRIPTION AND LOCATION (APN):

2004-0534 – Application for related proposals on a 4.9-acre sites located at **776 East El Camino Real** and **750 East El Camino Real** in a C-2 (Highway Business) Zoning District. (APN's: 211-25-001 and 211-24-039)

- **Rezone** from C-2 (Highway Business) to C-2/ECR (Highway Business/El Camino Real Precise Plan) Zoning District;
- Special Development Permit to allow demolition of existing buildings and construction of 57,571 square feet of retail, and
- Parcel Map to subdivide one lot into two lots and one common lot.

WHERE TO VIEW THIS DOCUMENT:

The **Negative Declaration**, its supporting documentation and details relating to the project are on file and available for review and comment in the Office of the Secretary of the Planning Commission, City Hall, 456 West Olive Avenue, Sunnyvale.

This **Negative Declaration** may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, September 21, 2004**. Such protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a **Negative Declaration** will be considered by the adopting authority, whose action on the protest may be appealed.

HEARING INFORMATION:

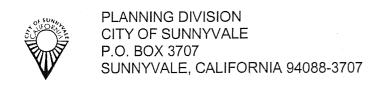

A public hearing on the project is scheduled for:

Monday, September 27, 2004 at 8:00 p.m. by the Planning Commission in the Council Chambers, City Hall, 456 West Olive Avenue, Sunnyvale; and on,

Tuesday, October 12, 2004 at 7:30 p.m. by the City Council in the Council Chambers, City Hall, 456 West Olive Avenue, Sunnyvale.

TOXIC SITE INFORMATION:

(No) listed toxic	sites are present at the projec	A (1)

NEGATIVE DECLARATION

This form is provided as a notification of an intent to adopt a Negative Declaration which has been prepared in compliance with the provisions of the California Environmental Quality Act of 1970, as amended, and Resolution #118-04.

PROJECT TITLE:

Application for a Rezone, Special Development Permit and Parcel Map filed by John Tze.

PROJECT DESCRIPTION AND LOCATION (APN):

2004-0534 — Application for related proposals on a 4.9-acre sites located at 776 East El Camino Real and 750 East El Camino Real in a C-2 (Highway Business) Zoning District. (APN's: 211-25-001 and 211-24-039)

- Rezone from C-2 (Highway Business) to C-2/ECR (Highway Business/El Camino Real Precise Plan) Zoning District;
- Special Development Permit to allow demolition of existing buildings and construction of 57,571 square feet of retail, and
- Parcel Map to subdivide one lot into two lots and one common lot.

FINDINGS:

The Director of Community Development of the City of Sunnyvale, California, hereby determines that an environmental impact report is not required. There are sufficient environmental controls incorporated into the zoning regulations to ensure no significant detrimental effect.

The above determination is based upon the initial study conducted in this matter; information provided by the applicant in an "Application for Environmental Clearance" and is based on the fact that the use is in keeping with and not in conflict with the adopted General Plan, Zoning Ordinance and Subdivision Ordinance. Site and architectural control will be exercised over the proposed development by the Planning Commission and City Council. No endangered species are known to depend on this site for habitat.

This **Negative Declaration** may be protested in writing by any person prior to 5:00 p.m. on **Tuesday, September 21, 2004.** Such protest shall be filed in the Department of Community Development, 456 W. Olive Avenue, Sunnyvale and shall include a written statement specifying anticipated environmental effects which may be significant. A protest of a Negative Declaration will be considered by the adopting authority, whose action on the protest may be appealed.

Circulated On	September 1, 2004	Signed: (anuso) (anuso) Gerri Caruso, Principal Planner
Adopted On		Verified:

File Number: 2004-0534

No. 04-25

California Department of Fish and Game 2 2 2 5 CERTIFICATE OF FEE EXEMPTION

De Minimis Impact Finding

PROJECT TITLE/LOCATION (INCLUDE COUNTY):

The Rezone, Special Development Permit and Parcel Map are located on 776 East El Camino Real, City of Sunnyvale, County of Santa Clara in a C-2 (Highway Business) Zoning District. (APN: 211-25-001 and 211-24-039)

PROJECT DESCRIPTION:

2004-0534 – Application for related proposals on a 4.9-acre site in a C-2 (Highway Business) Zoning District.

- **Rezone** from C-2 (Highway Business) to C-2/ECR (Highway Business/El Camino Real Precise Plan) Zoning District;
- Special Development Permit to allow demolition of existing buildings and construction of 57,571 square feet of retail, and
- Parcel Map to subdivide one lot into two lots and one common lot.

FINDINGS OF EXEMPTION:

- 1. This project is in an urban setting.
- 2. There is no alteration of land or effect on fish or wildlife.

CERTIFICATION:

I hereby certify that the public agency has made the above finding and that the project will not individually or cumulatively have an adverse effect on wildlife resources, as defined in Section 711.2 of the Fish and Game Code.

Project Address:

Applicant:

2004-0534 SDP, RZ, PM 750 & 776 E. El Camino Real

John Tze

1. Project Title:

Special Development Permit, Rezone and Parcel Map for 776

E. El Camino Real

2. Lead Agency Name and Address:

City of Sunnyvale, Community Development Department,

Planning Division

3. Contact Person and Phone Number:

Ryan M. Kuchenig, Assistant Planner (408) 730-7431

4. Project Location:

750 & 776 E. El Camino Real, Sunnyvale CA 94087

5. Project Sponsor's Name and Address:

John Tze

30 E. Fourth Avenue San Mateo, CA 94401

6. General Plan Designation:

Highway Business

7. Zoning:

C2 (Highway Business)

8. Description of the Project: (Describe the whole action involved, including but not limited to later phases of the project, and any secondary, support, or off-site features necessary for its implementation. (Attach additional sheets if necessary)

2004-0471 – The applicant proposes to Rezone the site from C2 (Highway Business) to C2/ECR (Highway Business/ El Camino Precise Plan) and subdivide the existing lot into four lots. Additionally, the application is for a Special Development Permit to allow 57,500 square feet of retail. The applicant will be required to obtain a building permit subsequent to planning approval of the project. Currently, a portion of the proposed development lies on an adjacent site at 750 E. El Camino Real. The applicant plans to file a lot line adjustment with the City's Public Works Department to adjust the property line to include this area as apart of the larger site (776 E. El Camino Real)

9. Surrounding Land Uses and Setting: (Briefly describe the project's surroundings)

The site consists of an auto dealer with two existing buildings. Surrounding uses include an auto dealer to the northwest and restaurant/motel to the southeast. Directly to the north across El Camino Real, lies a shopping center. Single family homes are located south of the site.

10. Other public agencies whose approval is required (e.g. permits, financing approval, or participation agreement).

E11915

EVALUATION OF ENVIRONMENTAL IMPACTS

- 1) A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g. the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g. the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 2) All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
- 3) Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.
- 4) "Negative Declaration: Potentially Significant Unless Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from Section 17, "Earlier Analysis," may be cross-referenced).
- 5) Earlier analysis may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063 (c) (3) (d). In this case, a brief discussion should identify the following:
 - a. Earlier Analysis Used. Identify and state where they are available for review.
 - b. Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
 - c. Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project
- 6) Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g. general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.
- 7) Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
- 8) This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.
- 9) The analysis of each issue should identify: (a) the significance criteria or threshold used to evaluate each question; and (b) the mitigation measure identified, if any, to reduce the impact to less than significance.

Tra	affic Division Public Works Department Checklist (1 of	f 1)				
XII	I. TRANSPORTATION/TRAFFIC. Would the project:					
a)	Cause an increase in the traffic which is substantial in relation to the existing traffic load and capacity of the street system (i.e., result in a substantial increase in either the number of vehicle trips, the volume to capacity ratio on roads, or congestion at intersections)?	θ	θ	θ	X	2, 12, 75, 81
b)	Exceed, either individually or cumulatively, a level of service standard established by the county congestion management agency for designated roads or highways?	θ	θ	θ	X	75, 81, 82
c)	Result in a change in air traffic patterns, including either an increase in traffic levels or a change in location that results in substantial safety risks?	θ	θ	θ	X	3, 8, 12, 13
d)	Substantially increase hazards to a design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g. farm equipment)?	θ	θ	θ	X	71, 74
e)	Result in inadequate emergency access?	θ	θ	θ	X	8, 12, 13
f)	Result in inadequate parking capacity?	θ	θ	θ	X	12, 37, 43
g)	Conflict with adopted policies or programs supporting alternative transportation (e.g., bus turnouts, bicycle racks)?	θ	θ	θ	X	12, 81, 85

XIV	V. HAZARDS AND HAZARDOUS MATERIALS. V	Vould the p	project?			
a)	Create a significant hazard to the public or the environment through the routine transport, use or disposal of hazardous materials?	θ	θ	θ	X	UFC/ UBC/ SVMC
b)	Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the likely release of hazardous materials into the environment?	θ	θ	θ	X	UFC/ UBC/ SVMC/
c)	Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an exiting or proposed school?	θ	θ	θ	X	UFC/ UBC/ SVMC
d)	Be located on a site which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result would it create a significant hazard to the public or the environment?	θ	θ	θ	X	UFC/ UBC/ SVMC
e)	For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard for people residing or working in the project area?	θ	θ	θ	X	UFC/ UBC/ SVMC
f)	For a project within the vicinity of a private airstrip, would the project result in a safety hazard for people residing or working in the project area?	θ	θ	θ	X	UFC/ UBC/ SVMC
g)	Impair implementation of, or physically interfere with an adopted emergency response plan or emergency evacuation plan?	θ	θ	θ	X	UFC/ UBC/ SVMC
h)	Expose people or structures to a significant risk of loss, injury or death involving wildland fires, including where wildlands are adjacent to urbanized areas or where residences are intermixed with wildlands?	θ	θ	θ	X	UFC/ UBC/ SVMC

	YDROLOGY AND WATER QUALITY. Would the project: Violate any water quality standards or waste discharge requirements?	θ	θ	θ	X	24, 25, 111, 112
b)	Substantially degrade groundwater supplies or interfere substantially with groundwater recharge such that there would be a net deficit in aquifer volume or a lowering of the local groundwater table level (e.g., the production rate of pre-existing nearby wells would drop to a level which would not support existing land uses or planned uses for which permits have been granted)?	θ	θ	θ	X	2, 24, 25, 111, 112
c)	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, in a manner which would result in substantial erosion or siltation on- or off-site?	θ	θ	X	θ	Discus sion at end of check- list
d)	Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river, or substantially increase the rate or surface runoff in a manner which would result in flooding on- or off site?	θ	θ	θ	X	24, 25, 87, 111, 112
e)	Create or contribute runoff which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?	θ	θ	θ	X	2, 24, 25, 87 111, 112
f)	Otherwise substantially degrade water quality?	θ	θ	θ	X	24, 25, 87, 112
g)	Place housing within a 100-year floodplain, as mapped on a federal Flood Hazard Boundary or Flood Insurance Rate Map or other flood hazard delineation map?	θ	θ	θ	X	2, 56
h)	Place within a 100-year flood hazard area structures which would impede or redirect flood flows?	θ	θ	X	θ	2, 56, 111, 112
i)	Expose people or structures to a significant risk of loss, injury or death involving flooding, including flooding as a result of the failure of a levee or dam?	θ	θ	θ	X	2, 56, 111, 112
j)	Inundation by seiche, tsunami, or mudflow?	θ	θ	θ	X	2, 19, 24, 25, 111

Completed By: Ryan M. Kuchenig, Assistant Planner Date: July 12, 2004

DISCUSSION OF IMPACTS THAT ARE LESS THAN SIGNIFICANT

AIR QUALITY c) The proposed project could result in impacts to air quality due to emissions of criteria pollutants resulting from grading, demolition, construction activities and from the generation of additional vehicle trips on local regional roadways. Mitigation efforts can be used during the construction phase to reduce the impact on air quality. The development of sites along the El Camino Real corridor have been accounted for in the General Plan and in the Air Quality sub-element of the General Plan.

NOISE d) Although, the site is already developed, the project will introduce short-term and temporary additional sources of noise to the project area during construction. Through the City's implementation of the Municipal Code noise regulations, this impact will be lessened to a less than significant level during construction.

UTILITY AND SERVICE SYSTEMS c) The proposed project includes stormwater run-off treatment Best Management Practices, as now required by the Santa Clara Valley Urban Runoff Pollution Prevention Program.

GEOLOGY AND SOILS (ii) and (iii) The project site is not located in an area with any active faults, but may experience strong seismic ground shaking in the event of an earthquake. Through the City's implementation of the Uniform Building Code requirements for area's with potential for seismic activity this aspect of the project will be reduced to a less than significant level.

HYDROLOGY AND WATER QUALITY c) The proposed project construction shall result in a change in drainage pattern for the site. However, a project includes a stormwater management plan with Best Management Practices to reduce the level of pollutants in the runoff. The impact of run-off during construction is addressed as a standard mitigation in construction site management requirements.
